

Our one-for-one commitment means that when a student signs up, we give a place to someone less fortunate. So, they're not only improving their own life, but someone else's too.

What we do

We donate time, expertise and money to students and charities to provide them with life-changing education.

Why we do it

Education should be available to anyone, whether they can afford it or not. We want to inspire the next generation of explorers, wherever they are.

How we do it

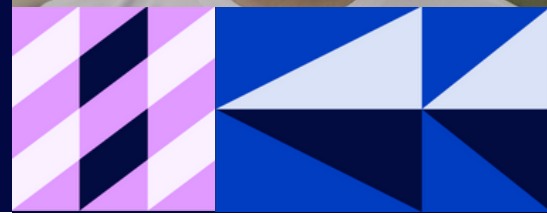

We team up with organizations that share our mission and donate a week of classes for every week a student study with us.

Report March 2023

After ending 2022 with 4 projects supported by the Foundation, we are starting 2023 looking for new projects to support again. This year we received 18 applications from 10 different countries including Japan, Thailand, Indonesia, and India. Our centres have also been hosting many fundraising events which you can find out more about on the next page.

student-weeks will be delivered for
650 less privileged students in 2023
by Bayswater Foundation.

#Fundraising ForGood

From a homemade lavender sachets sale to a Happy Friday Festival, all our centres were very engaged in fundraising for our #EducationForGood commitment. Thanks to all our team members and students involved on it we were able to fundraise £994 in the last quarter of 2022.

Given the earthquakes in Turkey and Syria that destroyed the life of thousands of people, we all felt distressed and wanted to do something about it. All our centres came together fundraised. In less than two weeks we raised £2083.40, and all funds will be donated to support victims of this heart-breaking disaster.
